JULY BARGAINS

OFFERED BY THE

PEOPLE'S STORE

THIS WEEK.

We told you last week that we must sell goods. It is imperative for us to do so. We have to dispose of $40,000 worth of goods by the 15th of August. We never have failed in our expectations yet, for our forced prices are irresistible. Hence we cannot guarantee that the goods offered below will last the entire week. If you do not wish to be disappointed come early.

All qualities of lawns sold under 12½c have been reduced to 5c. We expect they will last until Tuesday evening.

Striped Linen de Inde, sold at 27c all season, now marked at 15c.

Lace striped "Batiste" (white Victoria lawns) selling at 37½c, now 20c.

Flannel "Carreau de Organdie" sold at 35c, will be closed at 18c. One case only left.

Our entire line of Summer silks that we have sold all season at 65c, tumbled down to 39c.

All-wool Nun's veilings, Nun's cloth, albatross and crepes, that commanded $1 readily, descend to 65c.

Summer dress goods worth 20c will be sold for 7½c.

Hosiery department will sell ladies full finished hose, plain and silk clocked at 25c, which you have been paying 50c for.

Ladies' underwear department will lead on silk-finished balbriggan vests long and short sleeves, 50c. Never sold less than $1.

Our gloves, in silk, lisle and cotton, have almost gone out of sight. For instance, silk mitts before the Fourth 75c, are now 45c. A splendid assortment of lisle thread gloves at 25c.

Boys' percale waists 25c, worth 50c.

Window shades, with fixtures complete, 49c.

Gents' Summer merino vests 15c. They will surprise you.

Our shoe department, always the cheapest in town, says it can undersell anybody by 50 per cent. That's doing a good deal of talking; sounds wild. But when you see ladies' toe slippers marked 75c that others call a sacrifice at $1.25, and children's tipped spring heel shoes for 88c, that others ask $1.50 for, while children's Newport Ties sell at 49c, others giving them away at $1, and ladies' shoes $1.25, worth $2, that kind of gives color to the tale.

Stare at These Prices! They're a Good Eye-Opener.

SPECIAL BARGAINS.

The Stutzman Improved Fruit Evaporators

Are for Sale and on Exhibition at the Storerooms of the

C. W. GIBSON COMPANY,

108, 110 and 112 North Main Street, Los Angeles, Cal.

And orchardists and farmers especially are invited to examine the machines and get Catalogues and prices. The Stutzman Evaporator is made of galvanized iron and hence is fire-proof. The Trays are wire gauze. There is nothing shoddy in its construction. It is more easily moved about than any other Evaporator in the market. This alone is of great advantage to the fruit dryer. In simplicity of construction and durability it leads, and in cheapness nothing of the kind can compete with it. Made in all sizes, from store to large factory sizes. jun26

AMERICAN FRUIT EVAPORATOR!

The most practical and reliable Fruit Evaporator made. It gives unobstructed hot air currents ABOVE and BELOW all fruit, thus insuring evenness of drying and no spoiled fruit. Beware of infringements. THE AMERICAN is pre-eminently the fruit-raisers' machine. Its sizes grade from domestic to manufacturing wants. It makes the highest quality of work with ordinary care in handling. There is no need of making anything else. Though we approve a slight use of sulphur, the AMERICAN is specially adapted for highest grade in unbleached work. It places fresh cut fruit first in highest and dryest heat; cures cut surfaces at once and keeps them dry, thereby setting and making permanent the color, and also thereby, as in broiling steaks, securing the highest quality in product. We place our experience in evaporating at the disposal of our customers. In some cases the gratuitous service is of more value than prices paid us for evaporators. Sold by

Fifteen to Forty

PER CENT.

Saved by Purchasing

AT FOX'S.

I desire closing out my entire stock of merchandise during this month, and in order to do so know that I must offer extraordinary inducements. After deliberating whether to sell at auction or not, I am of the opinion that the goods can be sold over the counters in the regular way much more satisfactorily to the purchasers.

At this time, when so much advertising is done by parties who have no thought of living up to what they promise through their advertisements, I know what many will say, "Well, this is only another dodge to draw trade." To all I will say, come in and I will convince you that

I MEAN BUSINESS.

And will do just what I promise. Sale to commence at once and continue until further notice. Anything and everything will be sold at from

15 to 40 Per Cent. Less Than Regular Prices.

Bringing the goods in many cases less than the original cost. All sales will be strictly for cash.

CONSUMPTION

And all the various diseases of the

HEAD, THROAT AND CHEST,

Including the

EYE, EAR AND HEART,

Specially treated by

M. HILTON WILLIAMS, M. D.,

M. C. P. S. O.

GRADUATE OF VICTORIA COLLEGE, TORONTO, ONTARIO.

Member of the College of Physicians and Surgeons of Ontario; for three years Associate Physician of the Chicago and Cincinnati Throat and Lung Institutes; for fifteen years, and still, proprietor of the Detroit Throat and Lung Institute; also Licentiate Physician in and for the State of Michigan, and, for several years, Proprietor of the Ontario Pulmonary Institute and Health Resort at Toronto, Ontario. Over 30,000 cases treated by us during the past nineteen years.

CHRONIC BRONCHITIS.

Bronchitis is an inflammation of the mucous membrane of the bronchial tubes, and is one of the most common of the pulmonary affections. Chronic bronchitis more often appears later in life. When a cold settles on the lungs the disease either ends in bronchitis or pneumonia. If it ends in bronchitis it usually passes off as a cold on the chest, and still the patient does not feel entirely well. He feels tired and languid, and is incapable of taking his usual amount of exercise, and experiences a shortness of breath, with more or less warmth in the palms of his hands. Soon after this a cough appears, accompanied by an expectoration of thick mucus, followed by a hectic flush, out of fresh and strength, and night sweats continue, when the patient assumes all the appearance of having a confirmed case of consumption. But this is simply catarrh of the lungs or chronic bronchitis.

In the earlier stages of this disease the mucous membrane of the larger bronchial tubes suffers, while in the smaller tubes and air cells of the lungs the mucous membrane becomes congested and inflamed. There are no cavities or tubercles in the lungs, but merely a wasting away of the larger bronchial tubes and death takes place from obstruction of the bronchial tubes and air cells of the lungs. The patient dies from exhaustion and suffocation. There is usually a copious expectoration which accumulates in the passages leading to the lungs, which in some cases is stinky and small in quantity, but more commonly contains, of a light straw or yellowish green. Oftentimes streaks of blood make their appearance in the mucus, and at times there is a distressing cough. Persons thus afflicted are liable to take cold, at which time the mucus membrane becomes more inflamed, and it is not uncommonly the case that the patient dies in one of these attacks.

Many patients suffer from humor, (to be modest,) less exalted from the profuse quantity of offensive matter which comes from the air passages of the lungs. At times it becomes quite ropy, like the white of an egg. This form of the disease usually attacks old people.

Dry Bronchitis.—This disease, the very opposite of the above, is a very common affection. Very many people who regard themselves quite healthy are to-day under its influence, and are slowly but surely becoming the victims of this treacherous complaint. This is the most insidious of all pulmonary diseases. There may at first be a slight, hacking cough, and an appearance of a thin, white mucus. And herein lies the danger. This mucus, inhabiting the air cells of the lungs, being difficult to raise, after a time becomes solidified, permanently obstructing portions of the lungs, causing shortness of breath, and a feeling of oppression on the chest, particularly after meals or on slight exertion. After a time the cough becomes more severe and comes on in paroxysms, and as the shortness of breath increases, it almost assumes the character of asthma. The mucous membrane also becomes more and more thickened, which arises from the frequent fresh colds, and the patient at last becomes fully aware of the terrible changes that have taken place, and the inevitable results that are to follow; viz: "a slow and certain death." And yet all the above diseases are quite curable if taken in time.

I have seen so many of these cases cured by Inhalations that I do not consider any case hopeless until the disease has advanced to the chest and that both lungs are seriously involved, and even then our only hope is in the Inhalations, which aids us in dissolving the mucus and in counteracting and healing the cavities, which nothing else can do with the same success.

CONSULTATION FREE.—Those who desire to consult with me in regard to their cases can do so either at the office for consultation and examination, but if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address

LOS ANGELES DAILY TIMES.

VOL. VIII.—NO. 37. LOS ANGELES, CALIFORNIA, THURSDAY MORNING, JULY 16, 1885. FIVE CENTS.

The Times.

Office—Temple, Main and New High.

THERE is yet a prospect of war between England and Russia. The tenor of to-day's dispatches is decidedly bellicose.

A COLLISION occurred between strikers and police at Cleveland yesterday, which turned out two crippled officers and thirty-five broken headed strikers.

A YUMA thermometer must have got loose in this region within the last few days. But the back of the hot spell is broken, and now we may look for cooler weather.

THE Supervisors have determined to buy Schoolhouse Hill for a Courthouse site. The good sense of the community will approve the change of location.

THE government of Ecuador is disposed to stir up trouble with the United States over the Santos case. Inflammable pronunciamentos have been launched.

AND now the Council wants to drive the fire engine out of the new city building, and establish in the vacated space an office for the City Clerk and other officials.

IN his speech in Boston Vice President Hendricks said: "Yale is one of the great colleges of Massachusetts." The Hartford Post says: "We excuse Mr. Hendricks this geographical error, but we hardly can excuse him for the proposed geography of the United States that he aided and abetted twenty years ago."

AN Eastern contemporary presents its readers with the picture of David Jones, famous only because it is alleged that the excrement from the patient while sick produced the terrible pidemic which has resulted in such fearful mortality at Plymouth, Pa. When the illustrating business has no better subjects than this it might as well be dispensed with.

AN interesting estimate of California crops for this year, compiled by the San Francisco Merchant, is given in to-day's dispatches. The raisin crop is set down for 210,000 boxes, an increase of 50,000 boxes over last year. The wine crop is estimated between 10,000,000 and 12,500,000 gallons; a falling off of 2,500,000 to 5,000,000 gallons.

C. W. FILKINS, the outspoken "partisan" postmaster of Riverside, who handed in his resignation shortly after the advent of Cleveland's administration, has at last been succeeded. Jacob Vandegrift is the Democratic appointee. The Riverside postoffice may get by the change something less of a partisan, but it can't get a better postmaster.

GENERAL GRANT, a few days ago, received a letter dated at Rockbridge Baths, Va., from an ex-Confederate who surrendered at Appomattox. It was couched in terms of the warmest admiration, regard and sympathy, referred to the writer having received back his horse and sword with the injunction to go home and assist in making a crop, and assured the General that the writer is not the only ex-Confederate who daily prays for his restoration.

SECRETARY MANNING has removed 300 employes in his department at Washington since he took hold. This rather shows the secretary has a fine nose for smelling out "offensive partisans." But the guillotine's grim grind has been suddenly stopped by order of the President, and the executioner now has an opportunity to rest, mop his perspiring countenance, and drag out the gory corpses of the slain, pending the time when another whack at the offensive survivors shall be ordered.

MR. STEAD, the editor of the Pall Mall Gazette, says: "I am convinced that similar inquiries (regarding the trade in female virtue) set on foot in every great city in America would yield results, not nearly so extensive or dreadful, but enough to startle the Christian, God-fearing communities of America quite as much as ours have been." Mr. Stead is probably right. In fact, cases of trade in female virtue are occasionally forced to the surface here in California by process of law and subsequent newspaper exposure. The Baldwin-Perkins affair might have filled a niche in the Pall Mall Gazette's gallery had it been a recent occurrence in London.

Bad Matrimonial Climax.

NEW YORK, July 15.—Augustus Erwin, dry goods salesman, shot his wife to-day in east Tenth street and put a bullet into his own abdomen. He was dying to-night in the Hospital, while his wife was believed to be in a fair way of recovery. Erwin is a Hebrew, twice the age of his wife who is a Roman Catholic and married him without her father's knowledge. The marriage was the direct outcome of the Victoria-Morosini elopement. The girl, whose father, Patrick O'Thayne, is a wealthy laundryman, was the classmate of Victoria, and the sensation caused by Vic's escapade apparently suggested a similar exploit to her romantic mind. Her own marriage occurred immediately after and was unexpected by everybody. The bride's father supported them. Since then Erwin has been spending what money he made on horse races. Lately, O'Thayne had made a persistent effort to wean his daughter away from her husband, and all but succeeded last week in carrying her off to Europe. The husband upset his plan in the eleventh hour by a trick, and the steamer sailed without his wife, but with her father on board. Immediately after Mrs. Irwin left him and went to reside with her step-mother. She called at a hotel to-day, at his request, for an interview. It was then he tried to kill her and himself.

California Crops.

SAN FRANCISCO, July 15.—The San Francisco Merchant, in its issue of July 17, will give an estimate of the present year's raisin crop at 210,000 boxes, against 160,000 boxes last year. It also gives California wine shipments to the East by rail for the first five months of the present year at 1,970,700 gallons, as compared with 920,800 gallons for the same period in 1884, showing an increase for the first five months of this year of 449,900 gallons. Shipments by sea for the half year ending June 30, 1885, were 597,000 gallons, while for the same period in 1884 there were shipped by sea 689,300 gallons, showing a decrease of sea shipments for the first six months of this year of 92,300 gallons. The wine crop this year is now estimated at from 10,000,000 to 12,500,000 gallons, against 15,000,000 last year.

A Good Night's Rest.

MR. MCGARRON, July 15.—Gen. Grant slept about 8 hours between 9 o'clock last night and the same hour this morning. He awoke only to take food at intervals, and otherwise there was no change around the physician during the night. The condition this morning is little, if any, changed from that of yesterday.

Cowboys Murdered.

FORT SUPPLY (via Cheyenne), July 15.—A courier has arrived who reports finding the bodies of two cowboys on a range on Cherokee Strip, who have been murdered and their bodies staked to the ground by Indians.

A SPECK OF WAR.

Russian Demonstrations in Afghanistan

WHICH HAVE AN UNPROMISING LOOK.

England Committed to Stand by Afghanistan—It May Yet be War—Markets Already Affected.

Associated Press Dispatches to The Times.

LONDON, July 15, 2:30 P. M.—The Times has received a special dispatch from Jug de Robaten, near Meshed, July 11th, which says it is rumored that the Russians have advanced in force to Zulfikar, and they are treating that territory as though it was Russian. The dispatch also says that the British Frontier Commission is moving to Herat. Reinforcements are arriving at Askabad. The advance of the Russians has made the Afghans anxious, but they are determined to resolutely resist any attempt to seize their territory. They are puzzled at these warlike preparations of the Russians under cover of pacific assurances. It is believed that General Alikhanoff, commander of the Russian advance, is determined to force on a war, and that he is deceiving the Czar in regard to his real intentions.

QUESTIONED ABOUT AFGHANISTAN AFFAIRS.

In the Commons this evening, Lord Randolph Churchill, Secretary of State for India, replying to a question in regard to the reported Russian advance in Afghanistan, stated that the Government had heard of no movement. Speaking of the retirement of the members of the British-Afghan Frontier Commission in the direction of Herat, Churchill said that the Herat people, hearing that the Russians contemplated a descent on that place, had invited Colonels Yates and Peacock to enter their city, and their request had been complied with.

ANTICIPATING WAR.

The downward tendency in the stock market to-day was accelerated by rumors that the Government had received information confirming the reports received by the Times of the Russian advance on Zulfikar Pass. The news of this hostile demonstration on the part of the Russians, together with Churchill's assertion in the Commons last evening that England would assist the Ameer if he asked for assistance, has created much excitement.

FALL IN CONSOLS.

The fall in the price of consols to-day on account of the news from Afghanistan was 15-16d. The markets at the Stock Exchange at the close was panicky, with Russian securities 2@3 per cent. lower than closing prices last evening.

SUMMARY FORCES ARRIVING.

TEHERAN, July 15.—A large number of Russian reinforcements have arrived at Merv and Pul-i-Khisti during the past fortnight. Four regiments from Cabul, the capital of Afghanistan, have reached Herat. Four regiments are on their way from Hamun.

THE GAZETTE'S REFORM

Denounced by the New York Herald—Investigating Committee at Work.

NEW YORK, July 15.—The Herald prints a cable special this morning denouncing the Pall Mall Gazette expose as "advertising clap-trap." It says, "Their interviews are a skillful rehash of old reports of the Society for the Prevention of Juvenile Prostitution.

THE NEWSBOYS INCORPORATED.

LONDON, July 15.—The Lord Mayor, in accordance with the government's decision as announced by the Home Secretary in Parliament yesterday not to prosecute the Pall Mall Gazette, has discharged a large number of persons who have been under arrest for several days awaiting bail on the charge of selling alleged obscene literature.

THE INVESTIGATION BEGUN.

The Arch-Bishop of Canterbury, the Bishop of London, Cardinal Manning and Samuel Morley (one of the chairmen of the Mansion House and began their work of special private inquiry into the evidence upon which the Gazette bases its charge of iniquity in London. The Mayor and City Recorder were invited to be present at the meeting.

THE MUNSTER BANK.

Crowds of Excited Victims—Violence Feared.

CORK, July 15.—The excitement over the failure of the Munster Bank (limited) is very intense. At an early hour this morning depositors began assembling at the doors of the bank here and at Dublin, Limerick and other cities and towns in Ireland where the banz has branches. At noon the streets in the vicinity of the bank in this city were blocked with a crowd of people clamoring for their money. A large force of police is stationed at the bank to preserve order. The crowd is hourly growing larger and more disorderly, and fears of a riot are entertained. Dispatches from Dublin, Limerick and other points where the bank has branches state that the same scenes are being enacted at each of those places.

Fire at Oakdale.

MODESTO, Cal., July 15.—A fire occurred last night in the town of Oakdale, in this county, consuming eight business houses. The houses burned are Jackson's Palace saloon, Williams & Co.'s jewelry and furniture store, Freeman's dry goods store, Hubbell's saloon, Central restaurant and saloon, Ewery Brothers' general merchandise store and the English Kitchen lodging and restaurant house. The fire started in Hubbell's saloon, burning each way. The total loss is estimated at about $60,000. Insurance not yet known. The fire is supposed to have been the work of an incendiary, as it is the third attempt within the past three weeks to fire the town. There is considerable excitement in Oakdale, as well as in Modesto, over the matter.

The Daughter's Answer.

SAN FRANCISCO, July 15.—MRS. Mabel Treadwell has filed an answer to the suit recently brought against her by her mother, Mrs. Steiger, to recover means of sustenance. The answer alleges that plaintiff is 45 years of age, enjoying good health, and has a husband, W. H. Steiger, who is capable of supporting plaintiff. She also further alleges that she has always offered and still offers support to her mother. The defendant in this suit is the widow of J. P. Treadwell, who died in this city December 27, 1884. She was allowed by the will of the deceased $1,000 a month for the support of herself and five children. In her complaint Mrs. Steiger claimed that she was old, indigent and unable to support herself.

Sale of the New York Star.

NEW YORK, July 15.—United States District Attorney Dorsheimer has bought the New York Star on behalf of an incorporated company. The new company will publish the paper every morning at two cents a copy. Although it is supposed that Ben Butler is largely interested in the stock, it will be a strong administration paper. The price paid is said to have been $70,000 cash and about that amount left on mortgage.

A Family Quarrel.

PITTSBURG, July 15.—During a quarrel between the Bulger and Wilbert families, of the notorious locality of "Skunk Hollow," in this city, this afternoon, Wm. Wilbert made an assault upon the Bulger family with a baseball bat, and after crushing the skull of Edward Bulger and beating the latter's wife into insensibility, disappeared.

Horses Killed by Lightning.

DENVER, July 15.—The Tribune-Republican's Trinidad special, yesterday afternoon, says that at Debusk's ranch, twenty miles from this place, twelve out of eighteen horses in pasture were killed by lightning. A hail-storm had driven the horses against a barb-wire fence, which conducted the lightning through the herd with the above results.

Another Baby.

SAN FRANCISCO, July 15.—Another white baby, being the twenty-sixth, was found in this city in the possession of Chinese foster parents, and was taken from a Chinese lodging house to-day by the police. The Chinaman from whom it was taken stated that the child, a two-year-old girl, cost him $100. It was turned over to the care of the society for the prevention of cruelty to children.

Pacific Mail Dividends.

NEW YORK, July 15.—The directors of the Pacific Mail declared a dividend of one-quarter of one per cent. this morning.

WASHINGTON.

Letter From John Roach—Appointments—Governmental Affairs.

WASHINGTON, July 15.—Secretary Whitney has received a letter from John Roach, stating that he desires a full interchange of views with the Secretary concerning the present status of the Dolphin case, and that he will be in Washington in a day or two for that purpose.

Secretary Whitney, in an advertisement for proposals for new cruisers, authorized by Congress last winter, said all plans and specifications must be submitted by July 15. At the close of business at the department to-day but ten persons or companies had offered to compete for proposals. Numerous designs for parts of vessels and parts of machinery have been submitted. The Union Iron Works, of San Francisco, is the only private ship yard that offered proposals. Designs were submitted for one large cruiser. Other plans were from naval officers and private parties. Admiral Porter offered a plan for one vessel. Naval Constructor W. L. Mistowys submitted plans for five vessels, one 5000-ton ship, one 3600-ton ship, one 1700-ton ship and one 800 ton ship. The Bureau of Construction and Repair offered designs for five vessels, one of 5000 tons, another of 3100 tons, a third for 1700 tons, a fourth for 1700 tons and a fifth for 800 tons. Plans for engines for these vessels have been prepared by the Bureau of Steam Engineering. Naval Constructor Philip Hichborn submitted plans for a cruiser of 4500 tons displacement. The design is for a powerfully armed vessel carrying thirteen 8-inch and four 8-inch breech-loading rifles, the latter having a direct fore and aft fire. The vessel will be ship-rigged and have three quarter sail power; average speed at sea, in all weathers, stated at 4 knots; in smooth water, 15 knots. The plans provide for a ship 315 feet long on the water-line, and 45 feet in extreme breadth; mean draught, 20 feet 3 inches; bottom sheathed and coppered. The vessel is designed to be, as far as possible, independent of docks and coaling stations. The capacity of her bunkers is planned at 800 tons, sufficient to carry the vessel to Europe at her maximum, while, at a slower rate, it would last for a much greater distance. The engines will be three cylinders, horizontal and compound. The estimated cost of the vessel, exclusive of armament, is about $1,000,000. Secretary Whitney will appoint a board to examine the plans.

APPOINTMENTS.

The President appointed the following Presidential postmasters to-day: W. J. Thomason, at Gilroy, Cal., vice H. W. Briggs, commission expired; Jacob Vandergrift, at Riverside, Cal., vice C. W. Filkins, resigned.

TREASURY DEPARTMENT CHANGES.

E. B. Youmans, chief clerk of the Treasury Department, assumed the duties of that office to-day. Theo. F. Sevayne, of New Jersey, former chief clerk, accepted an $1800 clerkship and has been assigned to the loan division, Secretary's office.

COLORED MESSENGER APPOINTED.

L. C. Moore, formerly colored member of the Mississippi Legislature from Issaquena county, has been appointed messenger in the Secretary's office, Interior Department. He was appointed on the recommendation of Senator Walthall and endorsed by Congressman Catchings. As a member of the Legislature, Moore acted with the Democrats, and in the contest when Senator George was elected, he continued to vote for Walthall even after his name was withdrawn.

SUTZBY BULLION.

The Secretary of the Treasury has issued the following circular: Notice is hereby given that in pursuance of law for the sale of silver bullion, in lots of not less than ten thousand ounces, and its delivery, free of expense, to the government at any specified mint of the United States, will be received every Tuesday and Friday until 2 o'clock p. m., either by telegraph or letter. Bids must be addressed to the Treasurer, United States Treasury Department, Washington, D. C., and state the quantity offered in fine ounces and the price per ounce payable in standard silver dollars. Bidders whose offers may be accepted will be notified to that effect, or to any part thereof, will be notified by telegraph or mail. The delivery must be completed within ten days from date of acceptance of offer, and it is expressly stipulated that when the bullion furnished is of such character as to require parting or refining before coining, the charges for these operations will be paid by the seller. When bars bear the stamp of well known private refiners or assayers, the approximate value of bullion delivered will be paid, pending the melt and assay, at discretion, as may be regarded safe and proper. No silver, except trade dollars and other uncurrent and mutilated coin of the United States, will be received at the mint at Philadelphia on account of purchases for delivery at the mint for the coinage of silver dollars.

All foreign coin must be melted into bars of full size and bear the stamp of the New York Assay office. The right to reject all bids or any portion thereof is hereby reserved, and also to accept any portion of the amounts offered instead of the whole.

Railroad Meeting.

GALVESTON, Tex., July 15.—An important railroad meeting convened in this city to-day, at which all the leading railroad interests of Texas and Louisiana were represented. The meeting was the outcome of an agreement signed in New York the latter part of June, between Jay Gould, C. P. Huntington, Frank Sealy of the Gulf, Colorado and Santa Fe Railway, B. G. Clark, Receiver of the Houston and Texas Central, to pool all business for the period of five or ten years, each interest to work offensively and defensively with the others. The present conference is for the purpose of agreeing upon the basis of a general pool upon all business. No business was transacted at to-day's meeting beyond a general interchange of views. The conference will continue several days. The indications are that a harmonious basis will be reached.

A Big Farmer Fails.

SAN FRANCISCO, July 15.—A. H. Rose, of Oakland, who has been extensively engaged in farming, has filed a petition in insolvency. Liabilities $200,000. The principal creditors are the Merchants' Exchange Bank, of San Francisco, $700,000; Alvinza Hayward & Co., $20,000; Charles M. Fox, $71,000. The assets are considered nominal, consisting mostly of bonds, notes and debts. The amount owing to the Merchants' Exchange Bank is for a note of $200,000 with interest, and which has been worthless several years past. The $71,000 due Fox is also an outlawed note.

Strikers and Police Fight.

CLEVELAND, July 15.—Seven hundred Polish and Bohemian strikers attacked the Plate mill in Newburgh to-night. The mill was in operation. Fifty policemen met the strikers, and a fight ensued. Two policemen were hit with stones, and about thirty-five strikers were badly clubbed. Five ringleaders were arrested. One was, perhaps, fatally injured. The wives of the strikers carried the wounded off the field. Everything is now quiet.

Flour and Grain in California.

SAN FRANCISCO, July 15.—A statement compiled by the San Francisco Produce Exchange, and issued to-day, gives the amount of flour and grain remaining in the State of California July 1, 1885, as follows: Flour, 70,800 barrels; wheat, 5,885,900 centals; barley, 608,150 centals; oats, 107,440 centals; corn, 72,100 centals; rye, 32,875 centals. At the same time last year there was on hand: Flour, 113,600 barrels; wheat 664,050 centals; barley, 640,350 centals; oats, 58,450 centals, corn, 16,110 centals; rye, 36,100 centals.

Protective Tariff League.

NEW YORK, July 15.—The American Protective Tariff League filed its certificate of incorporation in court to-day. The objects are stated to be to advocate and uphold protection of American labor by a tariff on imports which shall adequately secure American industrial products against competition of foreign labor. Among the trustees for the first year were Smith W. Weed and Cornelius M. Bliss.

Chagres Fever Aboard.

NEW YORK, July 15.—The Pacific Mail steamer Colon, from Aspinwall, which arrived here to-day, had three deaths from Chagres fever during the voyage: Wm. Scott, John Doyle and Georgia Gronanis, steerage passengers. Andrew Dresser and John Devlin, also steerage passengers, were suffering from the disease.

Dougherty Sentenced.

SAN FRANCISCO, July 15.—John Dougherty, recently arrested at Los Angeles, and convicted yesterday on a charge of having counterfeit money in his possession, was sentenced to-day in the United States District Court to pay a fine of $500 and five years in State prison.

A PARK.

Dedication of the Niagara Falls Grounds.

CEREMONIES HELD IN THE RAIN.

Letters from President Cleveland and the Governor of Canada—Addresses and Other Proceedings.

Associated Press Dispatches to The Times.

NIAGARA FALLS, N. Y., July 15.—The city is crowded, and all incoming trains are filled with people from New York, Pennsylvania, Ohio and Canada, to witness the formal opening of the International Park. The exercises of the day began with the firing of a hundred guns at sunrise. About noon clouds began to gather and rain came down briskly. It now looks as if the exercises in the park will have to be postponed until later in the day.

Tilden sent a telegram to the committee, expressing his regret at not being able to attend.

Notwithstanding the rain, the committee decided that the ceremonies should not be postponed. Bishop Coxe commenced the proceedings with appropriate prayer.

The platform is one of unusual length. It says:

We declare our resolute opposition to the present Federal administration as the fit creature of the immoral and faithless traditions of apostate Republicans with the national Democracy united as the natural product of folly, fraud, force and perfidy which has already displayed all the traits of its origin by proclaiming a tax for the benefit

THURSDAY, JULY 16, 1885.

Los Angeles vs. San Jose.

Mention was made in yesterday's TIMES of the sermon which the San José Mercury delivered some time since on the alleged "decadence" of this city, taking for its text the Munchausenish statement which has been traveling over the State that there are "five hundred vacant houses in Los Angeles." The Mercury tries to show that business in Santa Clara is far ahead of business in Los Angeles, and in consequence "booming" a place does not pay in the long run. Now comes the Mercury of the current week and states that the real estate transfers for the city of San José, for the six months ending July 1st, amounted to $500,000. The TIMES, a few days ago, published a table showing the real estate transfers for the same period in Los Angeles county to have amounted to $4,350,000—*four million three hundred and fifty thousand dollars!* Of this large sum considerably more than half represents the business of the city, and it will thus be seen that if Los Angeles is on the decline it would be well for San José to have some of the same sort of decline. There was nearly two million dollars difference in favor of Los Angeles, as shown by the records of this and of Santa Clara counties, for the period mentioned, and that ought to satisfy the "Garden City" that we are not dying very fast.

Our mercurial colleague is an exceedingly esteemed cotemporary, but occasionally it gets off its base, like other flying bodies; and it was never so much off its base as when it attempted to take a seat on Los Angeles.

Overland Freight Shipments Again.

The May report of overland forwardings of through freight from California is at hand, and again the handsome growth of business in this city and section is made apparent. The figures are as follows:

	Northern Route.	Southern Route.
San Francisco lbs	9,386,940	8,872,460
Los Angeles	4,337,040	2,782,680
Sacramento	2,127,830	457,850
Marysville	676,990	1,120
San Jose	126,820	217,830
Stockton	97,110	8,200
Oakland	42,200	56,470
Totals	16,406,130	12,394,670

The principal shipments from Los Angeles are as follows:

Borax, lbs	43,100
Brandy	118,900
Fruit, oranges	5,736,100
Hides	40,800
Honey	51,700
Raisins	17,900
Wine, gals	644,900
Wool	593,700

Again is Los Angeles second on the list, her shipments by both routes aggregating 7,119,720 pounds in May, being two-fifths of San Francisco's aggregate for the same period; nearly treble Sacramento's figures, twenty times those of San José, and more than double those of Sacramento, Marysville, San José, Stockton and Oakland combined. These comparisons are highly satisfactory to Los Angeles and her people.

F. D. M., the bright correspondent of the Commercial Gazette, has had considerable experience at the crank of the political machine in Ohio. He asserts, without qualification, and evidently without mental reservation, that some of the gentlemen who are known as leaders of the Prohibition party in that State have, upon more than one occasion, and for a consideration, treacherously played into the hand of the political party offering them the most money. The books and papers, if not destroyed, of the respective State Central Committees show this to be true. Will some of the Prohibition leaders challenge his statement, and demand the proof? If it is false, proof of that fact will help the cause more than a hundred speeches, delivered under the shade of a suspicion that the speaker is selling his sentiments at so much per speech. That is the condition of the Prohibition party to-day. A great many good people who believe in prohibition, believe, on the other hand, and on account of what seems to be incontrovertible proof, that some of the chief leaders are not sincere.

THE St. Louis Republican recently printed a communication from "A Lover of Justice," who urges the erection of a monument to the memory of "poor Mrs. Surratt, now that the villains who put this innocent Christian lady to death are out of power." The writer adds: "I, for one, would deem it a Christian spirit as well as showing to the world the feelings of the Democracy of our country in regard to the dastardly deeds and crimes of the infamous Abolitionists, who once had the control of the affairs of this country." Upon this the Globe-Democrat makes the pertinent comment: "It seems to us that at least one person should take precedence over Mrs. Surratt in the matter of Democratic monuments—J. Wilkes Booth."

BALTIMORE has a philosopher who holds that "the sun do move," and his arguments in support of his old-new theory are as forcible as the Democratic cry of reform. This new scientific enlightener is Professor William Carpenter, of the Monumental City, and in a recent lecture before the Young Men's Christian Association at Baltimore, he asserted that the earth is flat and not globular, and that it is fixed in its place, while the sun revolves around it. He challenges scientists to a public debate, while he boldly affirms the correctness of his theory and his ability to defend it. It will be in order now to hear from Boecher on the subject.

EN EL CAMPO.

The Breath of the Mountains and the Mirage of the Plains.

LUSH AND LUSTY ALFALFA AND CORN.

Iron Sulphur Springs, the Ostrich Farm and the County Round About—The Abhoond of Swat on Parade.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

IRON SULPHUR SPRINGS, July 10.—What element is that in human nature, I wond-r, that makes us so prone to think that things afar off are better than things that are near? It is not instinct, I am sure, for that is not apt to lead us astray. I am inclined to think that it is our unwritten faith in newspapers, though I have never before acknowledged such an opinion. But who does not know that places we read much of, that are extensively advertised and written about, we have an unconquerable desire to visit? But I have found that all good things are not afar off. Indeed I'm inclined to believe that Mother Nature has been unusually generous to us in dispensing her share of benefactions, for which I am just now especially thankful I do not needto write of climate and productions—you have heard of them before. "Climate" is spread most bounteously all over Southern California, and it isn't hard to find; but we have other things of almost equal value, which, as yet, are hardly known. I left Los Angeles some days ago for a short stay at Iron Sulphur Springs. Did you ever read Mr. W. D. Howells's story entitled "Their Wedding Journey," in which he describes so truthfully certain types of hotel men? He says (and who has not had the experience?):

"He did not lift his haughty head to look at the wayfarer who meekly wrote his name in the register, but turned to the board upon which the keys hung, and plucked one from it, slid it on the marble counter, touched a bell for a call boy, and exhaled a bar of Offenbach. Abjectly I take my key and creep off upstairs after the call boy and try to give myself the genteel air of one who has not been stepped upon, but I think homicidal things all the same, and I can rejoice that in the safety of print I can cry out against the despot whom I have not the presence to defy. 'You vulgar and cruel little soul,' I say, and I imagine myself breathing the word to his teeth. 'Why do you treat a weary stranger with this ignominy? I am to pay well for what I get and I shall not complain of that, but look at me and own my humanity. Confess by some civil action, by some decent phrase, that I have rights and that they shall be respected. Speak to me with a key at me. Do not deny me the poor politeness of a nod as you give it into my hand. I am not your equal. Few men are.'"

If you have traveled much, haven't you "been there?" One who has can appreciate genuine courtesy when encountered at a public house. This is one of the attractions of this resort. Howells's type of the hotel clerk is unknown here.

It is a matter of some surprise to me that the value and curative properties of these waters are not more widely known. Iron Sulphur Springs, as most of your readers are aware, are thirteen miles from Los Angeles, and two miles from Norwalk station, Santa Ana branch S. P. R. R. The altitude is the same as Boyle Heights. There are sixty acres in the grounds owned by the company, eight of which are in public parks. There are in addition two fine orange orchards with other fruits. There is an abundant supply of pure mountain water, in addition to mineral waters—these healing Bethesdas of this region. The water is a living water, sparkling and bright as champagne; is an alterative and tonic, and contains over one and a half grains of bi-carbonate of iron to each pint. The Sulphur and Magnesia Springs has almost the same properties as the far-famed Kentucky Blue Lick waters. An analysis gives the following results:

	Grains.
Bi-carbonate of soda	2.20
Bi-carbonate of lime	13.09
Bi-carbonate of magnesia	16.50
Bi-carbonate of iron	13.00
Sulphate of soda	.90
Chloride of sodium	10.40
Silica	.30

There is also a trace of iodine and potash.

Dr. T. C. Widney, a gentleman of extensive general practice in hospital and field, is the genial and efficient medical superintendent.

Near the hotel I noticed, the other day, a neat cottage in the course of erection.

"Who is building that?" I inquired.

"It is the cottage of Mr. Blanchard, of Iowa," was the response. "Dr. Widney sent him here about a month ago. You could place your thumb in an ulcer on either side of his nose. The malignant sore had eaten through his lip, and threatened the destruction of his face. He had had the best medical treatment in different States, but it had proved of no avail. The cancer ate its way deeper and deeper week by week. But in less than three weeks after his arrival here, as the result of drinking and bathing in these waters, the so-called cancer had healed, and only a deep red scar is left to show where the malignant ulcer has been."

I am not surprised that the gentleman has decided to make his home here notwithstanding he has important business interests at the East.

Numerous other instances of great benefit derived from these waters I have heard mentioned, but I need not enlarge.

This seems to be a good farming land, and no doubt when proposed railroad extensions are made, it will soon be subdivided into small farms, and dotted with prosperous homes. I have seen some of the finest and most extensive cornfields in this section that I have seen anywhere in Southern California. Extended fields of alfalfa also lie in different directions, lending beauty and freshness to the summer landscape. It is quiet but restful here—a most desirable family resort. At night in the distance twinkle the electric lights of Los Angeles; and the pyrotechnics of her patriotism were plainly visible to us here on the evening of the Fourth. The mountains that lie round about her, like a wall, gleam upon our vision in the golden light of early sunrise, as well as in the purpling glow of the fading sunset.

It is a delightful drive of six miles from this point to the ostrich farm, where are now twenty-one grown ostriches, thirteen half-grown, and many young ones which were coaxed from their shells by the incubator last Spring. The full-grown bird weighs as much as a large man, and is from seven to nine feet in height. Their legs, as well as slender necks, are perfectly bare; the smooth skin is of an ashen gray color. From the wings and the tail the large plumes are plucked, which are such graceful ornaments for the head of beauty. Over $6000 worth of feathers have been plucked from the grown birds within the last seven months. Ostrich growing is already proving a success in Southern California. Like everything else, both animal and vegetable, the birds take to the climate, and thrive as if they wanted to return thanks for having been brought here. They are a stately bird, and their step is as pompous as that of your "esteemed contemporary," the Ahkoond of Swat. They are by nature exceedingly timid, and at any unusual sound their long necks are stretched upward and their attitude is that of the intent listener. They are inclosed in spacious corrals, supplied with running water and an abundance of food. The spring chicks are now about as large as a good sized turkey, and they have the quick movements of childhood. The leg of the ostrich is not a pleasant thing to interview. Even the most inquisitive and brazen newspaper reporter would be satisfied with a single conference with it. He would know when he had enough.

Visitors are most courteously received at this farm, which has its pleasant surroundings. It has an excellent tree growth—eucalyptus, poplars, peppers, and other trees—together with inviting fields of alfalfa and wide-spreading fields of corn. You drive through a long poplar avenue in approaching the farm from this direction, the young trees of which have been recently planted. In a few years they will make a magnificent drive.

As we drove over the wide plains, far off the mirage gleamed blue and bright as a placid lake, with its border of green trees. It gave a cool look to the landscape, and added vastly to its picturesque beauty. The land here is simply waiting, but I am sure that it will not wait many years for homes and for people.

E. A. O.

Cruel War.

Sacramento Record-Union.]

The long-shanked grasshopper pervades the Sacramento valley and occupies the foothills. In Amador county he pecks out the turkeys' eyes, and in Placer he digs up the trees and eats the roots, finding them more juicy than the drumsticks of the foothill turkey. In the San Joaquin he swoops and swirls. He sings a song of sixpence, a belly full of rye. He is a bird of prey. In Sacramento county he has rashly attacked the inhabitants, for latterly there is no honor among thieves. Sacramento has lived for twenty years off what she could beg from the State. She has reduced begging to a science. So, when the last grasshopper has devoured the last Sacramentan, and died of the dose, the State will be rid of two plagues.

A pioneer grasshopper found himself in bed with a prominent citizen of Sacramento, some nights ago, and began to bite. The human being was not surprised, because Sacramento is always rich in insects, and he merely supposed that the town had outdone herself and produced an improved flea. But the unfortunate grasshopper has been drunk ever since. Look not upon the Sacramentan when he has been painting the town red.

Beating Carpets by Steam.

Boston Commercial Bulletin.]

The process of steam carpet-beating is not generally understood, some persons having an idea that by this process the carpets are "steamed" in some way, and then subjected to a beating that knocks out the last particle of dust or dirt. There are several styles of machines, but the process in all of them is entirely free from either of the above methods. The carpets are simply placed in a cylinder twelve feet in diameter and fifteen feet long, and "agitated" until they are clean. The cylinder is perforated, or more correctly speaking, there are spaces between the cross-bars constituting the outer part of the cylinder, sufficient to afford thorough ventilation to the carpets and allow the dirt to escape. All the dirt and dust, as it falls through the openings in the cylinder, is drawn downward and outward by a patent suction fan, and blown outside the building. The carpets are agitated by the revolving of the cylinder, till after an hour's experience they are free from dust and moths, and appear like new fabrics. The nap is raised and brightened, and without the slightest injury to the most delicate fabric.

MUSICAL AND DRAMATIC.

Miss Mary Anderson has commissioned Mr. W. G. Wills, the English dramatist, to re-write the play of "Ingomar."

Mr. Robert L. Downing's play, "Tally-Ho," by Joaquin Miller, has been cut down to three acts and otherwise improved. Mr. Downing will start out with it in August.

Lawrence Barrett will open his next season at St. Paul, Minn., on August 31st, under the management of Mr. Arthur B. Chase. Mr. Barrett will add to his repertoire next season the old English comedy, "The Wonder."

Ex-Senator Tabor, of Colorado, like many other ignorant amateur theatrical managers, objects vehemently to the critics telling the truth about the performances at his Denver opera house. He has even gone so far as to refuse the critics admittance to his house on purchased tickets, and it is said many combinations refuse to play there in consequence, as the performances are ignored by the papers. When the swelling in Mr. Tabor's head goes down, and he has passed out of the amateur stage of management, he will see that to be of any value to him or to the public criticisms must be honest. The public soon learn to utterly disregard the theatrical notices of papers which invariably go into ecstacies over artists and humbafters alike.

STATE AND COAST.

A ledge of coal has been discovered under a house at Vallejo.

A new $3,000 schoolhouse is to be erected at Mariesta, San Diego county.

The Colusa Sun says the branch road to connect Colusa with the Northern Railway will be built this summer and fall.

The ranchers in the Wash, below Pioche, Nev., have lost and are losing a number of cattle from the blackleg disease.

Owing to business depressions and the smallness of the crops this year Baker & Hamilton have closed their agricultural works at Benicia for thirty days.

It is said that Columbia county, Oregon, will harvest the largest crop yet raised, and it is estimated that 1,000,000 bushels of wheat will be shipped from Dayton this fall.

Mr. John B. Cantlin, Chief Engineer to the Philadelphia Fire Department, had a severe cough, which was brought on through exposure, removed by Red Star Cough Cure. He supplies sick firemen with it.

Fire Insurance.

The undersigned is prepared to issue at once, policies on all desirable risks at current rates in the most substantial California, Eastern and Foreign companies, including the Ætna, of Hartford, Liverpool and London, and Globe, Union, of San Francisco, North British and Mercantile, of Edinburgh, German American, of New York, and London and Lancashire.

NEIGHBORHOOD NEWS.

COMPTON.

ACCIDENTS—INDUSTRIAL AND SOCIAL—NOTES.

(Correspondence of the Times.)

COMPTON, July 14.—Mr. Henry Chambers, of this place, died of lockjaw on Friday, the 10th instant. For some time past Mr. Chambers had been suffering with corns on his feet. To remove the corns he applied concentrated lye, which destroyed the flesh on his great toe to such an extent that the bone was exposed to view. The consequence was lockjaw, from which he suffered greatly before he died.

Geo. Stockton is now slowly recovering from a long spell of typhoid fever. He has been down ever since the 17th of May.

To-day, while helping to load a bale of grain bags, M. N. Newmark fell between the wareh use and wagon, dislocating his shoulder. Dr. McFarland reduced the dislocation, and Mr. Newmark seemed to be all right again before night.

The new bell for the Baptist church has been put in place.

Mr. Carson had a cow killed by the cars a few days since, and Mr. Welch had a calf killed by the same engine during the same week—a new engineer, the writer is informed, and it is hoped he will learn better.

A long needed improvement is being made on Lemon street in way of grading. Our present road overseer, Mr. Cooper, is doing some good work on our roads, and considerable of it.

We now have a bakery in full blast, and Messrs. Gainhorn & Johnson, the proprietors, seem to be starting out with a fair business.

An amateur minstrel troupe has been formed at Compton, composed of home talent. It is called The Lime-kiln Club. They will give an entertainment in the Odd-Fellows' Hall on Thursday evening, July 23d.

Our warehouses are rapidly being filled with grain, as the farmers are mostly all holding their grain over. This shows that the farmers are on a better footing than a few years ago, when they had, so many of them, to sell as soon as threshed, in order to meet obligations.

We have been having an unusually long hot wave, with a very marked absence of ocean breeze, which we usually have at this season of the year.

The most of the corn is looking well, considering the dry season.

G. A. M.

TEJUNGA.

CROPS, WATER AND WEATHER.

(Correspondence of the Times.)

TEJUNGA, July 14.—The corn crop in the Tejunga Valley is looking exceptionally fine. The potato crop is large. Santa Monica is mostly supplied with potatoes from this locality.

The contractors have just completed the wagon road for Mr. M. L. Wicks, across the Tejunga river, connecting it with and south irrigable lands.

Mr. Bonsll is busy at work with his efficient corps of surveyors, subdividing the lands of Mr. Wicks; also surveying new pipe and ditch lines.

The water in the river continues to be on the surface of its bed, so that there is sufficient water for all needed purposes.

Mr. Phillipi, one of the oldest settlers, is still confined to his bed, and there is but little hopes of his recovery.

Now that the heated term is upon us, we can enjoy the breezes so common here, and more fully appreciate this locality as a pleasant summer retreat.

VIVA.

FINANCE AND TRADE.

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, July 15.—Government bond dull and weak, especially 5s and 4s. Stocks are active and very strong, especially for Vanderbilts, Lackawanna and Western. The total sales to-day were 94,864 shares, an increase over yesterday of 37,764 shares, and decidedly the largest day's business this year. The leading shares were St. Paul, Lackawanna, Delaware, New York Central and Northwestern, which formed over 75 per cent. of the day's business. Instead of being feverish and irregular, as yesterday, the stocks mentioned moved steadily upward until Lackawanna rose from 90⅝ to 100⅝, New York Central from 99⅛ to 105⅜, and Lake Shore from 81⅛ to 85¾, the highest prices of the day, being reached shortly before 3 o'clock. At the same time Pacific Mail the west on a rumor that the dividend would be passed, and also on account of the possibility that the Australian line will be taken off after November next. It is semi-officially stated, however, that the suspension of the Australian service will be due to the company, as it has never made any money from it.

Money easy, 1@2.

Sterling exchange dull.

Government steady; 99¾.

2.—TROTTING. Stake $50; for yearlings, half-mile heats, $10 forfeit and $25 ten days before the race; divided, 75 per cent to first and 25 to second.

3.—RUNNING RACE. Purse $150; half-mile dash; free for all and weight for age.

4.—RUNNING RACE. Purse $200; free for 2-year-olds; half-mile dash.

Second Day, Wednesday, October 21st.

5.—TROTTING RACE. Purse $500; 2:30 class; mile heats, 2 in 5.

6.—TROTTING RACE. Purse $200; for 3-year-olds and under; mile heats, 2 in 3.

7.—RUNNING RACE. Purse $250; mile dash; free for all and weight for age.

8.—RUNNING RACE. Purse $200; for three-year-olds; three-quarter mile dash.

Third Day, Thursday, October 22d.

Ladies Tournament with four premiums to be hereafter published.

Parade of hose and race for fire companies, with a $150 premium for first and $50 to second, to be hereafter published.

9.—TROTTING AND PACING RACE, Purse $400; for three-minute class; mile heats, 3 in 5; with Big Frank, Durfee's Inca, Valegran, Maggie and Sultan barred, and a reserved right to add others.

Fourth Day, Friday, October 23d.

10.—TROTTING RACE. Purse $500; for 2:20 class; mile heats, 3 in 5; open to Lady Washington.

11.—TROTTING RACE. Purse $250; for 3-year-olds and under; mile heats, 3 in 5.

12.—RUNNING RACE. Purse $350; for all 3-year-olds; dash of one mile.

13.—RUNNING RACE. Purse $300; free for all; weight for age; mile and repeat.

Fifth Day, Saturday, October 24th.

14.—TROTTING. Free for all race; purse $300; mile heats, 2 in 3.

15.—TROTTING RACE. Purse $200; 4-year-olds and under; mile heats, 2 in 3.

16.—TROTTING RACE. Purse $200; for 2:30 class; mile heats, 3 in 5.

17.—RUNNING RACE. Purse $300; for 3-year-olds; one mile and a half.

18.—RUNNING RACE. Purse $200; for beaten horses; mile and a quarter dash and weight for age.

Remarks and Conditions:

Five to enter and three to start. But the Board reserves the right to hold a less number than five to fill by the withdrawal of a proportionate amount of the purse; but in no event will a race be considered filled without three bona fide entries. Entrance fee 10 per cent of purse in both running and trotting races, to accompany nomination.

National Association rules to govern trotting; but the Board reserves the right to trot heats of any two classes alternately, if necessary to finish any day's racing, or to trot a special race between heats. A horse making a walk-over shall be entitled only to the entrances money paid in.

In all races, entries not declared out by 6 p. m. of the day preceding the race, shall be required to start.

Where there is more than one entry by one person or in one interest, the particular horse they are to start must be named at 6 p. m. of the day preceding the race. No added money paid for a walk-over.

Except as otherwise specified, running races will be conducted under the rules of the Pacific Coast Blood Horse Association.

Non-starters in running races will be held for entrance under Rule 2.

Racing colors to be named in entries.

In trotting races, drivers will be required to wear caps of distinct colors, which must be named in their entries.

All entries close with the Secretary, September 1st.

If two horses are permitted by consent of the Directors to start, then third money reverts to the Association.

A horse distancing the field or any part thereof, is entitled to first money only.

All money in purses will be divided, 62½ per cent to the first, 25 for second and 12½ per cent to the third.

Entry blanks and racing rules will be furnished upon application to the Secretary.

All races will be called at 1 o'clock sharp.

L. LICHTENBERGER, President.

R. H. HEWITT, Secretary.

To Real Estate Owners

THE LOS ANGELES

BOARD OF TRADE

—AND—

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall-st., N. Y.

LEGAL.

Notice to Creditors.

ESTATE OF F. W. BAKER, SR., DECEASED. Notice is hereby given by the undersigned, administrator of the estate of F. W. Baker, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice, to the said administrator at his place of business, at the office of W. T. Williams, Esq., Downey Block, Rooms Nos. 6 and 7, in the city and county of Los Angeles.

Dated July 9, 1885.

ARTHUR E. BAKER,
Administrator of the estate of F. W. Baker, Sr., deceased.

Notice of Foreclosure Sale.

Theodore C. Lampe, plaintiff, vs.
A. M. W. de Temple, Margaretta J. Temple, Walter Temple, Charles P. Temple (the last two being minors), John B. Temple, F. W. Temple, P. W. Temple as the guardian of the persons and estate of said Walter Temple and charles P. Temple, and W. W. Jenkins as administrator of the estate of F. P. Temple, deceased, et al., defendants.

Sheriff's Sale, No. —.

Order of sale and decree of foreclosure and sale.

UNDER AND BY VIRTUE OF AN ORDER of sale and decree of foreclosure and sale, issued out of the Superior Court of the County of Los Angeles, State of California, on the 6th day of June, A. D. 1885, in the above entitled action, wherein Theodore C. Lampe, the above-named plaintiff, obtained a judgment and decree of foreclosure and sale against A. M. W. de Temple et al., defendants, on the 6th day of June, A. D. 1885, for the sum of $8845.11, in gold coin of the United States, which said decree was on the 11th day of June, A. D. 1885, recorded in judgment book 8 of said court, at page 269, I am commanded to sell all that certain lot, piece or parcel of land, situate, lying and being in the County of Los Angeles, State of California, and bounded and described as follows, to-wit:

Being an undivided one-fourth of all that certain 1-4 piece or parcel of land situate, lying and being in the Rancho La Merced, said county and State, bounded as follows, to-wit: Commencing at the corner of the northeast corner of a corrall on said Rancho, from which corner a live oak tree on the Temple new or brick house, occupied by M. M. Reynolds, bears Southeasterly 12 degrees 30 minutes west about 7.40 chains distant; thence north 70 degrees 45 minutes west 10.50 chains; thence south 19 degrees 15 minutes west 21.40 chains; thence north 34 degrees east 8.84 chains; thence north 10 degrees 15 minutes east 600 chains to the point of beginning, containing fifty (50) acres of land.

Public notice is hereby given, that

On Saturday, the 18th day of July, A. D. 1885,

at 12 o'clock M., of that day, in front of the Courthouse door of the county of Los Angeles, on Spring street, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment, with interest and costs, etc., to the highest and best bidder, for cash in gold coin of the United States.

Dated this 25th day of June, 1885.

GEO. E. GARD,
Sheriff of Los Angeles County.
By A. M. THORNTON, Under Sheriff.

AUCTION AND COMMISSION MERCHANTS.

AUCTION SALES.

By JOHN C. BELL & CO.,

REAL ESTATE & GENERAL AUCTIONEERS
Office, Room 22 Temple Block,
over the County Bank.

Fine Large

RESIDENCE LOT,

On Fort St., bet. Seventh and Eighth,

On Tuesday, July 21st, 1885,

At 2 o'Clock in the Afternoon.

To the Highest Bidder Without Reserve.

SIZE OF LOT, 50x165.

This valuable property is on the east side of the street, and adjoins that fine property of Eleazer Dole, Esq., of Warren & Co., is one of the prettiest pieces of property in the neighborhood. For a residence site it

Is Unsurpassed.

Terms—One-third cash, balance on a long time at 1 per cent.

JOHN C. BELL, Auctioneer.

First Grand Auction Sale!

On the Line of the Second-st. Cable Road—90 Large, Fine and Desirable Residence Lots—By order of the

Trustees of the Ellis Villa College,

Friday, July 31st, at — o'Clock.

These lots are mostly on the line of the cable road. Large, fine and desirable lots, commanding a fine view in every direction.

Terms of the sale—¼ cash, ¼ in six months, ¼ in twelve months, ¼ in eighteen months, at 10 per cent, per annum.

Carriages on the day of sale will stand in front of our office, Temple Block, at the fountain; also at the postoffice. Will take you to the grounds free of charge. You can secure your seats by calling at the office of the auctioneer. Sale will take place on the grounds in front of the college. Reserved seats for the ladies.

For the benefit of strangers and parties at a distance, we will say the Ellis Villa College is pronounced by everybody to be one of the finest institutions in the State of California. A fine staff of resident teachers—a long-felt want supplied. A day and boarding school for misses and young ladies. Primary, preparatory and selected studies; also a full college course adapted to young ladies. French, German, Spanish and English languages. A full course to graduation in Vocal branches. All ancient and modern languages. Music and art course are extra. A thorough course in plain sewing; fancy and needle work under the best of instructors. Can be taken without joining with the regular college course. This college is non-sectarian, being an individual enterprise from the beginning, and is intended for a school of the highest order. The location is on the hills above the city, and one mile from the postoffice, and the only building within a mile of the grounds. The grounds are an inclosure of 18 acres, and the site delightful, overlooking the ocean, and in full view of the Sierra Madre mountains. The buildings are a model of convenience, with every modern improvement, having electric bells, lighted with electricity and warmed by a system of radiating hot water pipes. Present accommodations are limited to 50 boarding students and teachers, and 100 day pupils. The first term of the year 1885-6 will open Wednesday, September 16th.

NOTE.—My instructions from the Trustees are to sell every lot without reserve to the highest bidder. Call and examine the fine view. The best spring water in the city piped over the grounds from the Boundary reservoir. The cable road will be finished and running long before you could complete a residence, in case you should purchase a lot. Contracts are already let for many fine, large and costly buildings, some nearly completed. The cable road will be finished and in operation on or about August 15th. The resort-bed is already planted and is pronounced a fine piece of work. The rolling stock and machinery are all of the most modern and approved style, and make an institution that we should feel proud of, enabling us to place on the market some of the most delightful residence and building lots in the city. About seven (7) minutes' ride on the cable. Great credit is due the promoters and builders. Further particulars and maps can be had of E. B. MILLAR, No. 23 N. Spring st., or at the College, or of JOHN C. BELL, the Auctioneer.

LONG BEACH.

August 13, 1885, at — o'Clock

On the Premises at Arrival of Train,

Bay View House and Furniture.

The Hotel Contains 30 Rooms. Also Hay, Grain, and Wood Barn, and

11 Fine, Large Level Lots,

95x150 FEET.

NOTE.—The hotel is full to overflowing, and is coining money; and the same with the wood, hay and grain business. Positively to be sold without reserve, as the owner is obliged to leave the State. A most excellent opportunity is offered to a good business man or a hotel keeper. A very fine opening. Any communications may be addressed to

Carr & Russell
REAL ESTATE.
We Make
Exchanging Property a Specialty,
20 acres of first-class land at Pasadena—10 acres in grapes five years; 10 acres in deciduous fruits; house of five rooms and stable. Good Neighborhood.

EXCHANGE FOR A
Good improved farm in Missouri, Kansas, Iowa or Illinois.

We have lands and houses and lots in all the States except Ohio, and that other place where Sheridan preferred to go to and rent out Texas. We sometimes have property to sell, but to make room for more swaps we sell awful cheap.

$1900 will buy a nice hard-finished house of five rooms within 1?00 feet of the Plaza House, on the hill; the house cost more money and the lot is worth $600.

$2300 will buy three houses (two of 4 rooms and one of 6 rooms); all hard-finished and new, and will rent for $45 per month; well located and close to the center of city; will take part pay in other property.

We have one nice house in East Los Angeles, three on Boyle Heights, one nice room on Alameda st. In fact, we have houses in different parts of the city to swap for land.

If you want to swap for Eastern lands call and see us. CARR & RUSSELL, may31 302½ N. Main st.

For Sale!
DECIDED BARGAINS.

$1100—Beautiful lot on Pearl street, between Eighth and Ninth. Best bargain in this part of the city.

$2540 to $4?? A few splendid lots in Grover Orchard tract, 60x185, all in bearing fruit trees.

$1500—Ninety acres of splendid land for alfalfa or corn. Best of rock land, only two miles from city. This is a great bargain; really worth $75 per acre.

$1800—Good house of four rooms, bath and closets, hard finished; two bay windows; sliding doors; excellent cellar; fruit trees of six rooms; well, windmill and tank; barn, corrals, etc. Very desirable place.

$1850—Cottage of five rooms, pantry, etc.; lot 60x130; street cars pass the door; stable; fruit trees and flowers; good well, wind-mill and tank; good location; certainly a bargain.

$10,000—Two-story double tenement house on Fort st.; fine location; 14 rooms, 2 baths, 2 china closets; 2 pantries; all in complete order.

$45 per move—160 acres 8 miles from the city; first-class land; will sell either splendid crop o. grain this year.

$11,000—Highly improved place on Olive st.; ten rooms and all modern improvements; most magnificent view in the State; barn, etc. Cheap at $2500 lots, 50x150, in Cleary tract.

$1200 to $2500 lots, 50x150, in Miller tract. Desirable property in all parts of the city and country. If property to exchange, money to loan, houses to rent, rents collected, etc.

Weather Report.

Local Bulletin.—At 4 a. m. yesterday the thermometer registered 60, at noon 90, and at 8 p. m. 67. Barometer for corresponding periods, 29.86, 29.87, 29.83. Maximum temperature, 92.0; minimum, 59.2. Weather at 8 p. m., clear.

Signal Service Indications.—[By telegraph from San Francisco last night.]—Weather indications for the next twenty-four hours: Fair all along the coast.

THE CITY.

Pots.

Messrs. J. A. Campbell and H. Wiatt have just opened a real estate office at No. 46 North Main street, opposite the Courthouse. They make a specialty of country property, and have some fine bargains in ranches, vineyards, orange groves, etc.

See Fox's ad., top of fourth column, first page.

Under the head of "For Sale, Real Estate," Pomeroy & Mills offer seven acres of city property at a great bargain.

E. A. Phillips, a competent telegrapher and short-hand writer, has a large class of pupils under his instruction. He has telegraphic instruments set up at his rooms, 323 Spring street. See circular for terms.

Money to loan, F. H. Barclay.

Boston and Chicago Magnetic and Electric Sanitarium give hot and cold magnetic baths, No. 28 South Spring street, Hammond block.

John Folletta, 34 years old, proprietor of the Swiss Hotel at Santa Cruz, disappeared from his home on the 23d of June, and his friends are anxious to know of his whereabouts.

The waters of Iron Sulphur Springs are healing in their properties—excellent for rheumatism, impure blood and other ills.

Messrs. W. T. Somes and C. N. Williams, both well-known residents of Los Angeles, have opened a real estate office at 12 First street, between Spring and Main. They will deal in city and country real estate, loan money, etc.

BRIEFS.

No deaths in the city yesterday.

Only one arrest yesterday, a d. d.

The Orizaba sails south to-morrow.

The Los Angeles took away fourteen passengers yesterday.

The harness recovered by Deputy Sheriff Aguirre turns out to be the property of Mrs. L. J. Rose.

Through passenger travel was very light yesterday, but there was considerable local business.

There are undelivered telegrams at Western Union telegraph office, 17 North Main street, for W. C. Gore or Newton Hedge, Thos. Gill and Thos. Kelley.

James Burdette, P. W. Dooner, L. M. Stratton and Dr. Bush start into the wilderness to-day, via the Arroyo Seco, to hobnob corpus the grizzly and the mountain lion.

There will be a meeting representing all the manufacturers in the county, at the Board of Trade rooms, to-morrow evening. Vital questions are to be discussed, and the attendance should be large.

John Dougherty, one of the three counterfeiters recently arrested by Capt. Benedict and Officer Berry, and taken to San Francisco by them, has been convicted and sentenced to $500 fine and five years' imprisonment.

At a meeting of the St. George's society of Southern California, Monday evening, resolutions were unanimously passed thanking the press of the city for their courtesies in regard to Col. J. Drew Gay's lecture and other matters.

McCloud, Gentry and Howard, the three gamblers arrested by the recently Special Officer Harvey, in the raid on 124 Commercial street, occupied the attention of Justice Austin's court all day yesterday, and will come up again this morning.

The team of the Anheuser-Busch wagon —whose John is getting a reputation as a careless driver—ran away on Spring and North Main streets, yesterday noon, and after coming along New High street, with fatality for nobody uninjured, they had, however, taken off the hind wheel of a buggy opposite the St. Elmo. It belonged to two Pasadena ladies.

PERSONAL.

Councilman Fred Holbrook is at the Big Tehunga.

Phil Hirschfeld and wife are visitors to San Francisco.

S. D. Andrews, of Providence, R. I., is at the Depot Hotel.

Mr. W. T. Pridham and wife will get home on the Orizaba to-morrow.

H. S. Frazer, of the S. P. R. R., is a guest at the Depot Hotel.

J. G. McCallum, Indian Agent at San Bernardino, is at the St. Elmo.

J. C. Peacock, editor of the Colton Semi-Tropic, is a passenger on this noon's train from the north.

Mr. J. E. Hollenbeck and wife, and Mr. S. C. Hollenbeck and wife, are stopping at the Long Beach Hotel.

At the St. Elmo: L. Van Vliet, San Francisco; S. Stolterfoht, San Diego; J. G. McCallum, San Bernardino; L. Austrian, Chicago; F. S. Dennis, Massachusetts; F. G. Cookburn, Arizona; A. B. Miner, San Jose; J. P. Finley, San Francisco; C. Jacobs and wife, San Francisco; H. Brown and wife, Tucson; K. White, Rowie Station; F. B. Westcott, St. Louis; G. Anderson, New South Wales; Colonel Bachelor, India; M. Koontz, Fulton Wells; B. S. Eaton, Pasadena.

At the St. Charles: Arch. T. Anderson, W. H. Payne, Lancaster; Mrs. Passmore, Richard Main, San Bernardino; Mrs. H. B. Olin, L. A. Wood, San Francisco; Mrs. James Gray, Tucson; Mr. and Mrs. John Jadich, San Antonio; C. B. Olin, El Paso; Mrs. Livley, Ravenna.

Examination of Wm. Justice for Rape.

The examination of Wm. Justice (white) for the rape of a thirteen-year-old colored girl, began before Justice Ranney yesterday, and will be continued this morning. The evidence thus far adduced is strong, and makes the case appear a most aggravated one. It is stated that Justice's paramour, a negress, black as the ace of spades, held her hand over the girl's mouth to prevent her screams; and that Justice threatened to kill the child if she disclosed his crime. Two witnesses testified that he afterward, while drunk, bragged of the crime. He is badly scared now, and shook in court like a man with the ague.

Half a Million Dollars.

At the semi-annual meeting of the Board of Directors of the Southern California Insurance Company the report of the business of the new company was of the most encouraging nature, especially the business being done in San Francisco. At the meeting yesterday steps were taken looking to the increase of the capital stock of the company to half a million dollars, and this will probably be done at the first annual meeting of all the present stockholders. The Southern California is a solid concern.

Marine News.

The American ship Kennebec, Alanson Ford, master, whose arrival at San Pedro direct from Liverpool on the 9th was noted by the TIMES, is said to be the finest wood-built ship that ever entered our port. Her assorted cargo comprised 1859 tons best Hartley steam coal, 25 tons lump rock salt, 3188 sacks (200 tons) salt, 75 tons pig iron, 834 barrels soda crystals, 80 drums white caustic soda, 17 casks carbonated soda ash, 3 drums caustic potash, 200 boxes Bath brick, 500 casks assorted tin plate.

Fire at Crescenta.

A fire started near the Arroyo Seco last Sunday and swept over a large portion of Crescenta Cañada, doing considerable damage, but burning no buildings. The fire was put out Monday night.

Are You Going East?

It will pay you to call on Warner Bros. & Crosby, 302 North Main street, for low rates, choice company and pleasant trip. Next party leave for the East July 20.

A Great Sacrifice of Fine Goods.

Catalogues for the large sale at the Diamond House this evening will be ready at 12 o'clock.

CITY COUNCIL.
The Proceedings of the Adjourned Meeting Yesterday.
TEDIOUS AND NOT IMPORTANT SESSION.

Reports of Committees Concluded—Resolutions on Col. Godfrey's Death—Committee of Doctors to Analyze City Water, Etc.

The adjourned meeting of Council was called to order at 2:35 p. m. yesterday. President Miles in the chair, and present Councilmen Brown, Velsir, Bullis, Holbrook, Hamilton, Day, Santee, Sinsabaugh, Biscailuz.

REPORTS OF COMMITTEES.

Committee on Police reported on recommendation of Police Commissioners that a "black maria" be purchased, that same can be got for $175; and recommended to purchase, on condition that Council allow for the use of same the horse now used by the Chief of Fire Department.

Chief Engineer Day made an able kick on the use of the fire horse.

On Mr. Hamilton's motion, action was deferred one week.

Committee on Zanjas recommended:

First—To grant petition of L. J. Stengel, he to bear expense of gate on Zanja 9—E, East Los Angeles. So ordered.

Second—To grant petition of C. E. Thom and others for sprinkling hydrant on 9—E. Mr. Biscailuz moved to adopt. Mr. Hamilton amended so that the sprinkling shall be only inside city limits. Carried as amended.

Dr. Sinsabaugh said that some time ago a plug was ordered set at the corner of Pico and Pearl. Moved that at six attachments be made and one put on, so the plug can be used for sprinkling. Carried.

Committee on Fire and Water recommended to grant petition of Kerckhoff-Cuzner Lumber and Mill Company for leave to put call bell in 38's engine house. So ordered.

Also, to grant petition of H. Martz and others for fire hydrant at northeast corner of Seventh and Hope streets. So ordered.

Committee on Lands recommended granting petition of George S. Patton and others, on certain conditions of right-of-way. City Attorney was instructed to draw up ordinance therefor, on motion of Mr. Bullis.

Also, that petition of Joseph L. Smith for city deed be granted. So ordered.

Board of Health reported, specially recommending that a sewer be constructed on Orange street, residents of that street being ready to make connections and pay all proper charges. As a sanitary measure it is greatly needed. Referred to the Committee on Sewers.

RESOLUTIONS OF SYMPATHY.

The special committee on resolutions on the death of Col. J. F. Godfrey reported the following resolutions:

WHEREAS, In view of the loss we have sustained by the decease of our friend, fellow-citizen and former City Attorney, Col. John F. Godfrey, and of the still heavier loss sustained by those who were nearest and dearest to him; therefore, be it

Resolved, That we sincerely condole with the family of the deceased on the sudden affliction and keep the optic nerves in a healthy, normal and even condition. Make no mistake; the Alaska Diamond Spectacles can only be obtained at No. 20 South Spring street, where they are adjusted by Dr. Robinson's graduate. CAUTION—We do not supply or employ peddlers. H. T. HOLLINGSWORTH, Manager, No. 20 South Spring street. july16 1m

The W. C. T. U. meets every Thursday at 2:30 p. m., at the Presbyterian Church, corner of Second and Fort streets.

A FINE RAISIN RANCH.

The Property of a Trio of Pr. Mers.

A representative of the TIMES while at Orange recently, in attendance upon the Pomological convention, was indebted to Chas. F. Stamps for a pleasant drive through the settlements of Orange, Santa Ana and Tustin. The beauties and substantial industries of the several colonies loomed up far beyond any previous expectation.

Mr. Stamps has a homestead of ten acres, nearly all in raisin grapes, and he and his brothers P. N. and Cathmor, own jointly another vineyard of forty acres. Both properties are located in the northern end of Orange on what is known as grant land. The forty-acre vineyard is a sight to behold at this season of the year. Parting the foliage af any single vine a wealth of fruit is disclosed clinging to the main stems. Mr. Stam s estimates that the vineyard will average six tons to the acre. The crop has already been sold at $25 per ton on the vines. The scribe brought away a couple of enormous ripe bunches clinging to a single cane, which were a forcible reminder of the biblical grapes of Eschol. The Messrs. Stamps are printers all, and they are entitled to congratulations on their "phat take."

Long Beach.

There are a great number of people at Long Beach at present, and business is lively. Captain Healy has set the grade stakes for the new railroad, and the right of way has been obtained from the Southern Pacific Company to the use of their grounds at Wilmington. The new hotel addition will be completed in two or three weeks. During the past week the company sold twelve lots on the ocean front to T. P. Lukins.

Electric, Medicated and Sulphur Baths.
Dr. E. Robbins' celebrated electric and sulphur baths are now open for the public. Prices have been reduced to $1 or six for $5. These baths are excellent for cleansing purposes and curing colds, rheumatism, general debility and paralysis. Persons attended to by one of their own sex. Office corner First and Spring streets. Entrance on First street.

If You Are Going East
Be sure to go with Mathes. He goes on his next trip July 23. This is the best opportunity offered to persons wishing to go with a pleasant party at lowest rates over the shortest, quickest and best route. Refer to all who have ever traveled with us.

Excursions.
W. K. Vickery's address for July and August, 23 East Sixteenth street, New York.

Doggies.
To persons about to purchase: Call and examine the quality of our buggies and get prices. Hawley Bros. Hardware Co., Nos. 56, 60 and 62 Los Angeles street.

A Word to the Sick.
If you need nourishment use Grannla, the best, most nutritious and palatable food obtainable. I have sold hundreds of cases. All grocers keep it. H. JAYNE, Agent.

The Flower Festival Society's Boarding House for women is now open at 115 North Fort street. Pleasant rooms, good board, reasonable prices.

The Wonderful Eye-Opener.
Dr. Robinson's Alaska Diamond Spectacles, for the relief and speedy cure of weak or impaired eyesight—they obviate all difficulties and keep the optic nerves in a healthy, normal and even condition. Make no mistake; the Alaska Diamond Spectacles can only be obtained at No. 20 South Spring street, where they are adjusted by Dr. Robinson's graduate. CAUTION—We do not supply or employ peddlers. H. T. HOLLINGSWORTH, Manager, No. 20 South Spring street. july16 1m

(TRADE MARK.)
13 Nadeau Block.
Money refunded if purchase is not satisfactory.

CATARRH!
And Consumption are Caused by Atmospheric Germs, Which Develop into Parasites. These Diseases are
Scientifically Treated By
W. N. DAVIS, M. D., M. C. P. S. O.
Graduate of "Chicago Homœopathic College," Chicago, and "College of Physicians and Surgeons of Ontario," Canada.
HOMŒOPATHIC SPECIALIST of Diseases of Ear, Nose, Throat, Chest, and all Chronic Diseases.

CATARRH
Is caused by the presence of parasites, microscopical in size, in the mucous membranes. The germs are deposited from the air and become more readily developed and increase more rapidly in systems debilitated from disease, as in scrofulous subjects and in those suffering from a hypersemic or torpid liver, which causes the blood to become impoverished.

The catarrh is first located in the anterior part of the nose and the patient seems to have a cold in the head, from which he is scarcely ever free. This gradually extends to the posterior nares and mucous is expelled, especially in the morning, from the throat, but in rare cases there is no discharge, a dry sensation in the nostrils above being present.

In time the mucous membrane becomes thickened, so that respiration through the nose is difficult or impossible, then the germs are deposited directly into the throat and lungs. This stage of the disease will be noticed by a hard, dry cough or simply a disposition to clear the throat. Sometimes the germs will lie dormant for years until such time as the lungs become to a fit condition for their development. This condition may be the result of a severe cold or any debilitating disease, when the germ is able to multiply and produce the third. Then colds do not pass off as other colds have done and we have a case of Chronic Bronchitis or Catarrh of the Lungs, which is often mistaken for consumption and may pass into that disease if not arrested.

Our treatment consists in using such remedies, either in spray or inhalation, as will destroy these germ or parasites, soften the mucous in the lungs and facilitate expectoration. This gives constitutional medicines a chance to build up the system and our mild climate can better exert its curative influence. This climate alone very often apparently arrests the disease, but there is always danger of a relapse until the cause is removed. Nasal Catarrh is frequently cured with from one to four applications of medicine. Every lung disease can be cured if taken in time and in hopeless cases life can be prolonged and comfort given to the patient.

Simple Nasal Catarrh and pharyngitis can be treated at a distance by writing for a list of questions, but if lungs are involved an examination at office is necessary.

Consultation and Examination Free.

Office Hours—10 to 12 a. m., 1 to 4 p. m., and 7 to 8 p. m.

THE KNIFE MUST GO.
DISEASES OF THE RECTUM
Female and Chronic Diseases a Specialty.
Rectal Ulcers, Hemorrhoids or Piles, Fissure, Fistula in Ano, Pruritus or so-called Itching Piles, Polypus Recti Successfully Treated by Dr. A. W. Brinkerhoff's System of Rectal Treatment.

A SURE AND PAINLESS SYSTEM FOR the cure of Hemorrhoids without cutting, ligating, burning, taking medicine or detention from business. No anæsthetics used. Over 80,000 operations for piles and not one death. The knife, ligature, escharotic, hot iron and the cruel carbolic treatment are the weapons in use to-day for the treatment of Piles.

We can treat you without using any of these barbarities and guarantee a cure in every case.

Thousands die annually from what is called CONSUMPTION, heart, liver, kidney diseases, etc., while the cause is unknown, seldom, never brought to light. We ask the sick and suffering to investigate the cause of the lame back, affected kidneys, vaginal, womb, urinary, heart, liver, stomach, liver and head troubles; rheumatism, benumbed limbs and blotted abdom n, dyspepsia, biliousness and tendency to malaria, and they will find RECTAL ULCERATION the hidden monster—the foe to human health and happiness.

The existence of Rectal Ulcers is as old as the race, and surgeons from time to time have written of them, but have been unable to cure THEM. We have instruments by which Rectal Ulcers can be clearly and thoroughly examined, and without pain or danger to the patient. The invention of those instruments by Dr. A. W. BRINKERHOFF, of Cincinnati, Ohio, has opened wide the door to the successful treatment of this class, and has established the fact, after examining more than twenty thousand patients suffering with all the various complaints and the chronic diseases of both sexes, that Rectal Ulceration existed in every one. With our system of treatment we cure the ulceration, if not too far advanced, and the train of diseases that follow in its wake.

Come and investigate! Our practice is not experimental, our labor not given away. We know what we see. Charges reasonable.

Consultation and Examination Free

☞ Parties calling for examination, if convenient, please have friend accompany them.

ELECTRO-MAGNETISM!
The New Means of Cure.
Dr. E. Robbins,
The Celebrated
Australian Medical Electrician
LARRONDE BLOCK, CORNER FIRST and Spring streets, entrance on First street, has returned from an experience in the Australian colonies, San Francisco, Salt Lake City, Denver and two years in this city, has decided to permanently locate here, where he has performed so many wonderful cures by electrical medications. His rooms are crowded daily with patients anxious to get the benefit of his power over the occult principles of nature. Dr. Robbins is patronized by many of our leading citizens. He also dispenses medicines without charge to the poor, free of charge, and has fitted up the Institute at considerable expense, for the benefit of the poor and medical electro-therapeutic bath, which is pronounced by eminent physicians to be the greatest discovery in medical science of modern times; also other medicated baths, with the most approved electrical apparatus for administering Faradic, Galvanic, and Static electricity.
